Environmental Policy Statement

As a leading installer of Heating, Ventilation & Air Conditioning systems, AC Ventilation Ltd, recognises the importance of protecting the environment, and minimising the impact of our day to day work activities on the environment.

Our Commitment is to:

- Manage our environmental impact responsibilities in order to prevent pollution and attain continual improvement in our environmental performance.
- Ensure full compliance with all relevant environmental legislation and industry standards.
- Ensure a safe and healthy workplace for our employees and workers.

To achieve this, we will:

- Ensure our risk assessments include consideration of the potential for environmental damage
- Consider environmental concerns and impacts throughout our decision-making processes
- Reduce waste by re-using and recycling materials where practicable, and disposing of all non-recyclable waste in a responsible and appropriate manner
- Promote environmental awareness amongst our employees and sub-contractors, encouraging the efficient use of materials and resources
- Communicate our environmental commitment to all our business partners, suppliers and clients.

This policy statement will be reviewed annually and revised accordingly.
